# Battered Cheese Curds

Our famous white cheddar cheese curds coated with an exclusive beer batter made with a local Wisconsin lager and then frozen, which allows for a quick deep fry in any size kitchen. Deep frying cheese curds from scratch is not always an option so these deliver that from-scratch quality. Cheese Curds are a favorite appetizer in the Midwest, and a growing trend nationally. Serve them up as a stand-alone appetizer or incorporate into numerous menu items.

**Available in a 4/2.5 pound case.**
